WHO WE ARE

We, Woodbridge School (Pre Prep, Prep and Senior Schools) , are a data controller for the purposes of the Data Protection Act. The School has appointed Richard Stone, the Director of Operations as our Data Protection Officer who will deal with all your requests and enquiries concerning the School's use of your personal data and endeavour to ensure that all data is processed in compliance with this Policy and Data Protection Law.

WHAT THIS POLICY IS FOR

This policy is intended to provide information about how the School will use (or "process") personal data about its staff; this information is provided in accordance with the rights of individuals under Data Protection Law to understand how their data is used. Staff are all encouraged to read this Privacy Notice and understand the School's obligations to its entire community.

This **Privacy Notice** applies alongside any other information the School may provide about a particular use of personal data, for example when collecting data via an online or paper form.

This **Privacy Notice** also applies in addition to the School's other relevant terms and conditions and policies, including:

- any contract between the School and its staff;
- the School's policy on taking, storing and using images of children;
- the School's CCTV and/or biometrics policy;
- the School's retention of records policy;
- the School's safeguarding, pastoral, or health and safety policies, including as to how concerns or incidents are recorded; and
- the School's IT policies, including its Acceptable Use policy, Online Safety Policy, Wi-Fi policy, Remote Working policy and Bring Your Own Device policy.

Anyone who works for, or acts on behalf of, the School (including staff, volunteers, Trustees and service providers) should also be aware of and comply with this Privacy Notice the School's data protection policy for staff, which also provides further information about how personal data about those individuals will be used.

WHY THE SCHOOL NEEDS TO PROCESS PERSONAL DATA

In order to carry out its ordinary duties to staff, the School may process a wide range of personal data about individuals (including current, past and prospective staff,) as part of its daily operation.

Some of this activity the School will need to carry out in order to fulfil its legal rights, duties or obligations – including those under a contract with its staff.

Other uses of personal data will be made in accordance with the School's legitimate interests, or the legitimate interests of another, provided that these are not outweighed by the impact on individuals, and provided it does not involve special or sensitive types of data.

The School expects that the following uses may fall within that category of it's (or its community's) "**legitimate interests**":

- Maintaining relationships with alumni and the School community, including direct marketing or fundraising activity;

- For the purposes of management planning and forecasting, research and statistical analysis, including that imposed or provided for by law (such as diversity or gender pay gap analysis and taxation records);
- To enable relevant authorities to monitor the School's performance and to intervene or assist with incidents as appropriate;
- To monitor (as appropriate) use of the School's IT and communications systems in accordance with the School's IT: acceptable use policy;
- For security purposes, including CCTV in accordance with the School's CCTV policy; and
- Where otherwise reasonably necessary for the School's purposes, including to obtain appropriate professional advice and insurance for the School.

In addition, the School may need to process **special category personal data** (concerning health, ethnicity, religion, biometrics or sexual life) or criminal records information (such as when carrying out DBS checks) in accordance with rights or duties imposed on it by law, including as regards safeguarding and employment, or from time to time by explicit consent where required. These reasons may include:

- To safeguard staff welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition where it is in the individual's interests to do so: for example for medical advice, or insurance purposes.
- In connection with employment of its staff, for example DBS checks, welfare or pension plans;
- For legal and regulatory purposes (for example child protection, diversity monitoring and health and safety) and to comply with its legal obligations and duties of care.

TYPES OF PERSONAL DATA PROCESSED BY THE SCHOOL

This will include by way of example:

- names, addresses, telephone numbers, e-mail addresses and other contact details;
- car details (about those who use our car parking facilities);
- bank details and other financial information,
- images of staff (and occasionally other individuals) engaging in School activities, and images captured by the School's CCTV system (in accordance with the School's policy)

HOW THE SCHOOL COLLECTS DATA

Generally, the School receives personal data from the individual directly. This may be via a form, or simply in the ordinary course of interaction or communication (such as email or written assessments).

However in some cases personal data may be supplied by third parties (for example another School, or other professionals or authorities working with that individual); or collected from publicly available resources

WHO HAS ACCESS TO PERSONAL DATA AND WHO THE SCHOOL SHARES IT WITH

Occasionally, the School will need to share personal information relating to its community with third parties, such as professional advisers (lawyers and accountants) or relevant authorities (HMRC, police or the local authority). For the most part, personal data collected by the School will remain within the School, and will be processed by appropriate individuals only in accordance with access protocols (i.e. on a 'need to know' basis). Particularly strict rules of access apply in the context of:

- medical records held and accessed only by the School doctor and appropriate medical staff under his/her supervision, or otherwise in accordance with express consent; and
- Pastoral or safeguarding files.

Staff are reminded that the School is under duties imposed by law and statutory guidance (including [Keeping Children Safe in Education](#)) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This may include file notes on personnel or safeguarding files, and in some cases referrals to relevant authorities such as the LADO or police. For further information about this, please view the School's Safeguarding Policy.

Finally, in accordance with Data Protection Law, some of the School's processing activity is carried out on its behalf by third parties, such as IT systems, web developers or cloud storage providers. This is always subject to contractual assurances that personal data will be kept securely and only in accordance with the School's specific directions.

HOW LONG WE KEEP PERSONAL DATA

The School will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Typically, the legal recommendation for how long to keep ordinary staff personnel files is up to 7 years following departure from the School. However, incident reports and safeguarding files will need to be kept much longer, in accordance with specific legal requirements. If you have any specific queries about how this policy is applied, or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact [name and contact details of relevant person handling such requests at School]. However, please bear in mind that the School may have lawful and necessary reasons to hold on to some data.

YOU'RE RIGHTS

Individuals have various rights under Data Protection Law to access and understand personal data about them held by the School, and in some cases ask for it to be erased or amended or for the School to stop processing it, but subject to certain exemptions and limitations.

Any individual wishing to access or amend their personal data or wishing it to be transferred to another person or organisation, or who has some other objection to how their personal data is used, should put their request in writing to the Director of Operations , Richard Stone.

The School will endeavour to respond to any such written requests as soon as is reasonably practicable and in any event within statutory time-limits, which is one month in the case of requests for access to information. The School will be better able to respond quickly to smaller, targeted requests for information. If the request is manifestly excessive or similar to previous requests, the School may ask you to reconsider or charge a proportionate fee, but only where Data Protection Law allows it.

You should be aware that certain data is exempt from the right of access. This may include information which identifies other individuals, or information which is subject to legal professional privilege. The School is also not required to disclose any confidential reference given by the School for the purposes of the education, training or employment of any individual.

CONSENT

Where the School is relying on consent as a means to process personal data, any person may withdraw this consent at any time. Please be aware however that the School may have another lawful reason to process the personal data in question even without your consent.

That reason will usually have been asserted under this Privacy Notice, or may otherwise exist under some form of contract or agreement with the individual (e.g. an employment or parent contract, or because a purchase of goods, services or membership of an organisation such as an alumni or parents' association has been requested).

WHO'S RIGHTS

The rights under Data Protection Law belong to the individual to whom the data relates.

Staff are required to respect the personal data and privacy of others, and to comply with the School's policies, e.g. IT: acceptable use policy and the School rules.

DATA ACCURACY AND SECURITY

The School will endeavour to ensure that all personal data held in relation to an individual is as up to date and accurate as possible. Individuals must please notify the HR department of any significant changes to important information, such as contact details, held about them.

An individual has the right to request that any out-of-date, irrelevant or inaccurate or information about them is erased or corrected (subject to certain exemptions and limitations under Data Protection Law): please see above for details of why the School may need to process your data, of who you may contact if you disagree.

The School will take appropriate technical and organisational steps to ensure the security of personal data about individuals, including policies around use of technology and devices, and access to School systems. All staff and governors will be made aware of this policy and their duties under Data Protection Law and receive relevant training.

THIS POLICY

The School will update this Privacy Notice from time to time. Any substantial changes that affect your rights will be provided to you directly as far as is reasonably practicable.
